

Learning Journey

In this project, you will learn about compass points and four and six-figure grid references. You will learn about the tropics and the countries, climates and culture of North and South America. You will identify physical features in the United Kingdom and learn about the National Rail and canal networks. You will conduct an enquiry to prove a hypothesis, gathering data from maps and surveys before drawing conclusions to answer the question 'Does Reading have good transport links?'.

Geographical Skills

Geography

How can we use grid references to describe location on a map?

The World

Geography

What are the Tropics of Cancer and Capricorn?

Geography

How do the climates of North and South American countries contrast?

Geography

How is culture different across North and South American countries?

The United Kingdom

Geography

What are the significant physical features in the UK? (D2 L2)

Geography

Why is the National Rail network significant? (D2, L3)

Geography

Why is Britain's canal system significant? (D2, L4)

Geographical Enquiry (Summer Term)

Geography

Does Reading have good transport links? (Innovate)
